Main Activities

- Volunteer work as a Boy Scout since 2012 in a group focused on self-development, food collection, and different ways to help those in need.
- Responsible for leading and monitoring groups of young people, prioritizing the delegation of functions; I organize tasks, monitor the development of individual activities, and the expansion of social skills and how to deal with the new young members of the Boy Scout.
- Voluntary Participation of the Tamar Project (Preservation of Turtles), in the period of four months.
- Participation in science fairs for school and university events; highly elaborate works as well as the project in which rainwater was collected for their distribution in the toilet flushes.
- Project Sonhar Acordado - Volunteering in social assistance with children.

Extras Curricular Works

- Exchange - I participated in the camp in the USA considered the biggest Scout event in the world, The World Scout Jamboree, the trip lasted 15 days in West Virginia, where I got to know a little about the cultures of the world. The event was attended by 45 thousand young people from different countries. This experience

taught me a lot how mixed the planet is and how much each country has its value. I cultivated good relationships that I keep in touch with nowadays.

- Exchange – In 2022 I did an exchange for three months in Mexico. During this time, I developed my cultural knowledge and improved my Spanish.

Presentation Letter

I request the opportunity to join the staff of this renowned company, I seek new learning, and I am willing to perform in the best possible way the function for which I am assigned.
